LEADERSHIP & ACADEMIC ACCOMPLISHMENTS:

- Developed and re-designed courses for NYU/Wagner on Ethics in Public Service; Ethics in Healthcare Administration; Health Care Management; Non-Profit Compliance and Human Resources Management in Health Care Organizations.
- Developed strategic plan for health program curriculum re-design at NYU/Wagner to meet new accreditation standards of the Commission on Accreditation Healthcare Management Education (CAHME).
- Co-Chairperson, NYU School of Medicine/NYC Health & Hospital Corporation Clinical and Translational Science Institute Scientific Review Committee (CTSI/SRC).
- Chairperson - New York City Federal Executive Board: 2002 – 2005. Coordinated Federal emergency preparedness and response plans for the 2004 Republican National Convention in New York City.
- Member of VA National Advisory Boards developing agency-wide policy on geriatric and extended care services, HIV/AIDS treatment/prevention, emergency preparedness and bioterrorism response.
- Integrated VA Medical Centers in Brooklyn, Manhattan and Queens Counties (New York) into a unified healthcare system consisting of two acute/tertiary inpatient and outpatient care facilities (Brooklyn and New York Campuses), a nursing home, residential rehabilitation center and comprehensive outpatient care center (St. Albans, Queens Campus) and free-standing outpatient community care centers in Manhattan, Brooklyn and Staten Island. Increased enrolled veterans served, improved clinical outcomes as measured by VHA based clinical performance measures while reducing total staffing levels by 25%.
- Established a network of comprehensive geriatric/extended care services throughout VA Integrated Service Network 3 (New York City, Nassau and Suffolk Counties, Hudson Valley Counties and central and Northern New Jersey). Reduced total institution-based long term care beds by 50%, and established a network of non-institutional services to meet the growing need/demand for community based geriatric care, including home based and tele-health services, Adult Day Care, hospice and palliative care.
- Developed a comprehensive emergency response plan for VA New York Harbor HCS in partnership with community, city, state and federal responders. Under my direction VA New York Harbor HCS played a lead role in a VA/Bellevue/NYU consortium plan for emergency response in the event of chemical, biological or WMD attacks.
