Course Description

Management and Leadership is designed to empower you with the skills you will need to make meaningful change in the world—whether you care about bike lanes, criminal justice, prenatal care, community development, urban planning, social investment, or something else. Whatever your passion, you can only have an impact by leading and managing organizational processes. In this course, you will enhance the technical, interpersonal, conceptual, and political skills needed to run effective and efficient organizations embedded in diverse communities, policy arenas, sectors, and industries. In class, we will engage in a collective analysis of specific problems that leaders and managers face—first, diagnosing them and then, identifying solutions—to explore how organizations can meet and exceed their performance objectives. As part of that process, you will encounter a variety of practical and essential topics and tools, including mission, strategy, goals, structure, teams, diversity and inclusion, motivation, and negotiation.

Course and Learning Objectives

The course combines conceptual and experiential approaches into four general areas:

1. Teams and teamwork
2. Interpersonal dynamics
3. Designing and aligning organizations
4. Leading change

Readings will introduce key concepts and useful ways of thinking about common situations in complex organizations. Case studies, exercises, and in-class or virtual discussions provide opportunities to apply theories, concepts, and research findings to situations to hone your managerial and leadership skills. The written assignments require you to consolidate your insight and practice your analytical and communication skills.

There are three learning objectives that cut across each class:

1. Analytical thinking and its supporting skillsets are as follows:
   a. Identify, analyze, and address underlying problems and opportunities.
   b. Recognize, analyze, and manage complex relationships.
   c. Reframe the way you approach people and situations.

2. Leveraging diversity and its supporting skillsets are as follows:
   a. Identify, understand, and use different types of diversity.
   b. Explore how to create, participate in, and coach diverse teams.
   c. Develop skills to address the challenges and opportunities of diversity.

3. Communication and its supporting skillsets are as follows:
   a. Recognize the importance of clear communication with stakeholders.
   b. Prepare effective, clear, organized written reports and presentations.
   c. Conduct effective meetings and facilitate group/team discussions.

Assessment Assignments and Evaluation

At the beginning of the semester, you will be placed on a 5-person team. You will be required to work with your team on simulations, case study reviews, and other assignments.

Individual Assessment, 70.0%

Participation: contribution to discussion & learning, 12.5%
- Weekly Class Session Participation (12.5%):
  Your active participation in class discussions is important and essential. Your grade will be based on both the quantity and quality of your comments. We recognize that students will want to participate in different ways. We want to provide opportunities for you to contribute in ways that highlight your strengths and comfort level. If you are not comfortable speaking publicly, share your thoughts within your 5-person team.

  The course assistant will keep track of your participation throughout the semester. At the end of the semester, you will be asked to grade your own participation as well as the participation of your classmates. The grade that you provide for yourself and classmates will be blended with the course assistant’s and instructor’s assessment of your participation and contribution to the discussions and learnings.

  For all participation, infrequent quality comments that show preparation and insight are valued more than the number of comments. And, it is fine to invoke the “ditto” rule or a more modern—that was dope—to signify your agreement with the sentiments being expressed.
Assessments, Individual Case Study Memoranda, Simulations and Exercises, and Final Exam 70.0%

- Assessments, 5.0%
  You will be required to complete several “know yourself” assessments during the semester including identifying your: strengths using Clifton’s strengthsfinder, Myers Briggs Type Indicators, conflict style, implicit biases, and leadership style. You will receive credit for completing the assessments. You may want to compile and keep your assessment results in a journal.

- Individual Case Study Memoranda, 30.0%
  Reading and reflecting on the case studies is an important part of the course work. Productive discussion depends on you reading and analyzing the materials beforehand and presenting your thoughts and analysis supported by evidence in the memos.

- Simulations and Exercises with Reflections 12.5%
  We believe we often learn best by doing and by play. Therefore, you will be participating in two simulations:
    1) A climb of Mount Everest to better understand teams (7.5%), and
    2) An exercise to understand the power and importance of networks (2.5%).
  The simulations are part of the simulation coursepack that you must purchase. The simulation coursepack cannot be shared as each student needs to be able to access the simulation at the same time.
  In addition, you will participate in two exercises (2.5%):
    1) Allocating a kidney to understand decision-making and the power of persuasion, and
    2) A two-part negotiation exercise to hone or develop your skills.
  Information about these and any other exercises will be provided on the Brightspace course site.
  You will receive an individual score for participating in the simulations and exercises and in the case of Mount Everest, you will also receive a team score. You will be required to submit a no more than one-page reflection after each simulation and exercise.

- Final Exam, 20.0%
  There will be an open book take home final exam that will be released at 8:25pm on Wednesday, December 14th and is due Friday, December 23rd at, or before, 11:55 pm eastern standard time.

Team Assessments, 30.0%

- Analytical Case Study Memoranda, 20.0%
  As a team, you will submit three (3) case study memoranda described more fully below.

- Congruence Management Model Team Presentation, 10.0%
  Your team will prepare a 10-minute PowerPoint to be presented during our last Class session. You should submit the slide deck right before class via Brightspace.

Assignment Instructions

There will be two types of assignments. Students are expected to be prepared for class discussions and participate fully by completing the assignments. You will be encouraged to share your own experiences and opinions relevant to the topics being explored. A grading rubric will be posted in Brightspace for the different assignment types. Except as otherwise indicated, assignments are due on, or before, 11:55 pm eastern standard time the day before our class meets. For example, for the class that meets on Thursday, September 2nd, your assignment will be due on, or before, 11:55 pm on Wednesday, September 1st.
1. For the Two (2) Analytical Team Case Study Memoranda Assignments:
   A. In your team, discuss your varied responses to the case and come up with one response to submit on the Brightspace course site. This may require negotiation skills on your part, as your teammates may have different ideas about the best solutions for the case. You may meet virtually as a team outside of class time using whatever mechanism you choose.
   B. Post your team’s completed responses to the specific questions posed on Brightspace, as well as a short (two paragraph) individual reflection on the process your team went through to arrive at your team solution.

Your purpose in writing these memos is to provide information and make recommendations to people who must make decisions about key strategic issues. Pedagogically, this assignment provides you with the opportunity to develop your writing, analysis, and communication skills. It also gives you the ability to apply course principles and practices. For each of the group memos:

1) Team members: Please include a cover page with the names of everyone who contributed to the memo and the role they played in the memo. If a group member did not contribute, do not include that person’s name and s/he will not receive credit for this assignment. Everyone whose name does appear on the assignment will receive the same grade.

2) Format:
   - Address a specific person.
   - Open with a very brief on-paragraph summary. What is the context, why is this important, what are the key issue(s), and your recommendation?
   - Explain your diagnosis. Why is this group/department/organization facing these issues? What are the root causes and why?
   - Provide specific recommendations that are realistic and take the individuals, context, timing, and other variables in the case into account. How should your recommendations be implemented? What are the priorities? Why are these recommendations better than a reasonable alternative?
   - The memo should be no longer than two pages (not including the cover page), single-spaced, one-inch margins, and 12-point Times New Roman font.
   - List references or figures, if necessary, on a concluding page. Please use paragraph headings. Remember to submit your memos on the Brightspace course site.

3) Grading: There is no single right answer, but there are stronger and weaker memos.
   - 30 pts are allocated for the analysis of the problems/opportunities and root causes.
   - 30 points are allocated for your recommendations.
   - 16 points are allocated for demonstrating strong critical thinking skills.
   - 12 points are allocated for the quality of your writing.
   - 12 points are allocated for the organization of ideas and format.

Team Memo #1
   - Target: Assume you are a consultant to the Government of Nepal who has asked you to assess the leadership styles of Fisher and Hall and the team leader for your Everest climb and to make recommendations about how your team could have been more successful during the climb.

Team Memo #2
• **Target:** Assume you are a consultant hired by Marie Trellu-Kane to analyze and assess the organization's readiness for change.

**Team Memo #3**
- **Target:** Assume you are a consultant hired by Rye Barcott to assess the situation and provide guidance. Please address your memo to Barcott.

2. **For Individual Case Study Memoranda:**
   Read the assigned case. Review class materials and readings. Analyze the case independently and recommend a course of action specific to the case. Your analysis will be in the form of a written recommendation memo and is not to exceed two single-spaced pages. Think about these things:
   A. The problem as you see it.
   B. A recommended solution or solutions.
   C. Support for your perspective from materials or experience.
   This structure can generally be used for the case study memo:
   A. A one-paragraph summary labeled Executive Summary. What is the context, key issue, and your recommendation?
   B. Background. Why is the organization facing these issues? Identify the root causes.
   C. What are your specific Recommendations? Include your rationale and alternatives.
   D. Next Steps. How should your recommendations be implemented? What are the priorities, timeline, and required resources?

You have only two pages to get your message across. Use a simple and direct style, putting your recommendation in the first paragraph as to create a “hook” for your memo to encourage your manager to continue reading. Use one-inch margins and Times New Roman 12-point font. If you use outside research to support any of your recommendations, list references on a concluding page, separate from the two-page memo.

3. **Final Project Assignment-Presentation**
   You will be required to choose either an issue identified by a teammate or an issue from one of the case studies from class. Using the congruence model, you will thoroughly analyze the issue identified and provide recommendations to leaders within the organization. You will prepare a power point presentation. The presentation will take place during our last class.

   For the presentation, wherever possible, use visual cues or graphics rather than text-heavy slides. Plan for each member of your team to have an opportunity to present. You will be graded on your inclusion of all teammates in the presentation.

**Late Submission Policy for Assignments**

Extensions will be granted only in case of emergency, out of respect to those who abide by deadlines despite equally challenging schedules. Late submissions without approved extensions will be penalized 20% per one-week period.

If you do not have the appropriate hardware technology nor financial resources to purchase the technology, consider applying for the NYU [Emergency Relief Grant](https://www.nyu.edu/about/financial-aid/financial-assistance/emergency-relief-grant.html).

**Classroom Norms and Etiquette**

**For Online/Remote Sections:**

You are expected to participate in each class with your Zoom audio and video on. Please review Wagner's Zoom in the Classroom series about classroom etiquette, participation, and more.

Students may not share the Zoom classroom recordings. The recordings are kept within the Brightspace site and are for students enrolled in the applicable course section only.
For In Person Sections:
Every member of our NYU community is required to wear face coverings that cover the person’s nose and mouth while indoors on the University campus, including in the classroom at all times. Academic Integrity
Academic integrity is a vital component of Wagner and NYU. All students enrolled in this class are required to read and abide by Wagner’s Academic Code. All Wagner students have already read and signed the Wagner Academic Oath. Plagiarism of any form will not be tolerated and students in this class are expected to report violations to me. If any student in this class is unsure about what is expected of you and how to abide by the academic code, you should consult with me.

Henry and Lucy Moses Center for Student Accessibility
Academic accommodations are available for students with disabilities. Please visit the Moses Center for Student Accessibility website and click the “Get Started” button.
