EXECUTIVE MASTER OF PUBLIC ADMINISTRATION FOR GLOBAL POLICY LEADERS

An increasingly complex world demands global policy leaders who can innovate and collaborate across sectors. This one-year program—offered jointly by NYU Wagner and University College London—builds on your expertise and trains you to address growing global challenges in the public, nonprofit, or private sector. While studying in two of the world’s most vibrant cities, you’ll learn to effectively analyze and implement policies to improve communities on a worldwide scale.

London and New York City are multicultural hubs where the world comes together to discuss global problems and their solutions. It is in this context that NYU Wagner and UCL are hosting one of the best-equipped public policy and management executive programs there is. There is no better way to learn than from, and alongside, world-leading politicians and decision-makers.
