CAPSTONE PREREQUISITES
2014-2015

To be eligible for Capstone, all students must have declared a specialization, commenced PER (if required), passed the SPSS exam (required for students who waived 1011 but have not taken 2902), and earned at least a 3.0 cumulative GPA. Additional prerequisites for client-based Capstones are listed below and may also be found on your Program Requirement Checksheet. Please note the separate prerequisites for the Applied Research Capstone.

If you intend to take Capstone next year but are unsure if you are on track with prerequisites, you should consult with your program administrator prior to the start of Spring 2014.
