Course Information

- Class Meeting Times: Tuesdays, 4:55–6:35pm
- Class Location: GCASL Room:265

Course Prerequisites

- CORE-GP.1021, Financial Management (required)

Note that while Accounting is not a prerequisite, students who have not had accounting courses or experience with for-profit financial statements should seriously consider completing the Financial Accounting-Online Course: Introductory Section which has optionally been made available in your Case Packet and is estimated to take approximately 10 hours to complete. It is not necessary to have completed this before the course starts, but it is recommended to be completed before Lesson 4.

Course Description

This course will explore best and evolving practices in the financial management and impact measurement of social enterprises. The class will be taught from the perspective of the social entrepreneur and social enterprise manager and introduce cases to assess financial challenges, fiscal performance and financing strategy of pioneering firms with a social mission. We will explore trends, successes and failures in managing enterprises to achieve
both financial and social returns. Measuring social impact in tandem with financial performance will be a core component of the course with topics including triple bottom line accounting, impact measurement, impact reporting and correlation between operating performance and impact sustainability. Students will be introduced to accounting and reporting methods necessary to responsibly calculate and communicate financial and social returns to investors and stakeholders. This course will delve into the financial, operational and strategic management of social enterprises in domestic and international settings including developing nations and will explore numerous sectors such as smallholder agriculture, education, and energy.

Course Format

Each week we will cover a business case in class. These cases will sometimes correlate directly with the text material assigned for the week, but not always. For most weeks, there is a required Discussion question for you to post a one paragraph response to before the class session where the case will be discussed. This will give you an opportunity to think critically about the case you have read and to be prepared for the live class. It is essential that you come to class having read the case in advance. Please note that you may be called on in class to discuss the assigned cases.

Required Readings

Textbook:
(references to Text in Syllabus refer to this book). The online book is available through the NYU Library at this [link](#).

**Case Packet:**

- Order the Harvard Case Pack: https://hbsp.harvard.edu/import/888043
- Order the WDI Case Pack: https://wdi-publishing.com/coursepack/purchase/?cpack=JWY37

**Class Policies**

**Emails:**
I will generally answer emails within 48 hours of receipt, but not on weekends.

**Incompletes and Withdrawals:**
Note Wagner’s [incomplete policy](#) and [course withdrawal policy](#).

**Participation:**
As active participation is an important element of your grade so is attendance. Please notify me by email prior to any class in which you will be absent or late.

**Group Work:**
Case analysis or final projects may involve group work. You are expected to work cooperatively in such groups and to be an individual contributor to the group process. Group dynamics will be observed and will also contribute to the class participation portion of your grade.

**Preparation:**
As stated in the syllabus, this is a case-oriented course. Therefore, coming to class having read the case(s) is absolutely required. Students may be asked questions whether or not they offer to participate so make sure you have done your preparation.

**Assignments and Evaluation**

- Active Class Participation - 15% (this includes Discussion Forum posts)
- Homework - 20%
- Mid-Term - 30%
- Final Project - 35%
Class Participation (15% of total grade):
Participation is awarded based on attendance (one unexcused absence permitted), punctuality and engagement in class discussions and Brightspace Discussion forums. Missing or being late for two or more classes for the semester will negatively impact your participation grade. Extraordinary circumstances include religious observances and illness but you must give notice via email as soon as possible.

If you foresee missing a class due to personal obligations, please notify me via email but also note that it will count as your allotted unexcused absence. All students benefit from high levels of participation, so you are expected to do readings (particularly of cases) prior to class, attend class, and contribute to the discussion. Particular attention will be given to active participation in group projects.

As noted, you must come to class having read the case(s) that will be discussed on that date. Case guideline questions can be found in NYU Brightspace to help you think in advance about potential discussion points.

Homework (20% of total grade):
Note that detailed instructions for each homework assignment can be found on NYU Brightspace. Please follow those instructions supplemented by any direction provided during class time.

Mid-term Case (30% of total grade):
The mid-term will be one or more take-home cases. Detailed instructions will be provided at least one week in advance of the due date.

Project (35% of total grade):
Project details follow. Supplemental instructions will be available on NYU Brightspace. You may work in a team of up to 2 (requests will be considered for individual projects). You will select a concept for the creation of or the expansion of a social enterprise either in the US or and develop a financial plan that will include the following:
   a) Structural (current/proposed) form of the enterprise (Hybrid, Corporation, B Corporation, Cooperative, Association, etc.),
   b) Business Model Canvas,
   c) Funding/capitalization requirements,
   d) Five-year projections with financial and social return goals (stated as double or triple bottom line accounting). Pro formas should include a very basic Profit & Loss and Balance Sheet
   e) Break-even analysis,
   f) Identification of risks to achieving both financial and social goals,
   g) Mitigation plan to reduce risks.
The project will also include adoption/selection of existing appropriate metrics (standards) to monitor **financial and social returns** and the design of a **new integrated metric that correlates financial and social return** that will help advance the assessment of social enterprises within the sector of your selected enterprise. The document should be no more than 10 pages, double spaced, plus exhibits and you will be asked to create and present a five-slide funding pitch presentation during the last class on the basis of your financial plan.

### Letter Grades

Letter grades for the entire course will be assigned as follows:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0 points</td>
</tr>
<tr>
<td>A-</td>
<td>3.7 points</td>

<tr>
<td>B+</td>
<td>3.3 points</td>
</tr>
<tr>
<td>B</td>
<td>3.0 points</td>
</tr>
<tr>
<td>B-</td>
<td>2.7 points</td>
</tr>
<tr>
<td>C+</td>
<td>2.3 points</td>
</tr>
<tr>
<td>C</td>
<td>2.0 points</td>
</tr>
<tr>
<td>C-</td>
<td>1.7 points</td>
</tr>
<tr>
<td>F</td>
<td>0.0 points</td>
</tr>
</tbody>
</table>

**Student grades will be assigned according to the following criteria:**

- **(A) Excellent:** Exceptional work for a graduate student. Work at this level is unusually thorough, well-reasoned, creative, methodologically sophisticated, and well written. Work is of exceptional, professional quality.
- **(A-) Very good:** Very strong work for a graduate student. Work at this level shows signs of creativity, is thorough and well-reasoned, indicates strong understanding of appropriate methodological or analytical approaches, and meets professional standards.
- **(B+) Good:** Sound work for a graduate student; well-reasoned and thorough, methodologically sound. This is the graduate student grade that indicates the student has fully accomplished the basic objectives of the course.
• (B) Adequate: Competent work for a graduate student even though some weaknesses are evident. Demonstrates competency in the key course objectives but shows some indication that understanding of some important issues is less than complete. Methodological or analytical approaches used are adequate but student has not been thorough or has shown other weaknesses or limitations.

• (B-) Borderline: Weak work for a graduate student; meets the minimal expectations for a graduate student in the course. Understanding of salient issues is somewhat incomplete. Methodological or analytical work performed in the course is minimally adequate. Overall performance, if consistent in graduate courses, would not suffice to sustain graduate status in “good standing.”

• (C/-/+): Deficient: Inadequate work for a graduate student; does not meet the minimal expectations for a graduate student in the course. Work is inadequately developed or flawed by numerous errors and misunderstanding of important issues. Methodological or analytical work performed is weak and fails to demonstrate knowledge or technical competence expected of graduate students.

• (F) Fail: Work fails to meet even minimal expectations for course credit for a graduate student. Performance has been consistently weak in methodology and understanding, with serious limits in many areas. Weaknesses or limits are pervasive.

Detailed Course Overview

Part 1: Structuring of the Social Enterprise

WEEK 1: CASE: Child In Need Institute – Nonprofit or Hybrid?
January 25, 2022/4:55 PM

This Lesson provides an introduction to the relevance, formation and evolution of social enterprise, and the financial shift from a NGO to a social business particularly in light of scarcity of continued donor funding. Case will include development of a spreadsheet business model.

Required Reading/Watching: Complete Before Week 1 Live Session

Watch/Listen: n/a
Read in Online Textbook: Chapter 1
Read in Case Packet: Child In Need Institute; Should Nonprofits Seek Profits?
Read in NYU Brightspace: n/a

Discussion Questions: Due Before Week 1 Live Session

If you compare CINI with a business organization or corporation, what are the major differences?

Assignments to Submit: Complete After Week 1 Class Session but Before Week 3 Class Session (submit on NYU Brightspace)

You may work on the template either individually or in teams of two. The one page, double spaced submission, however, is an individual assignment. Using the template provided as a guide and the data in Exhibit 8 of the CINI case, create a first-year business plan for the Nutritional Supplement business. Your business plan should generate a projection of annual revenue, annual profit and target breakeven. It is OK for you to make assumptions provided they are stated. Submit a one page recommendation (accompanied by your spreadsheet) stating if you believe based on your financial analysis if CINI should create this business. Extra credit is available if you wish to additionally evaluate the Training business in Exhibit 9 using the template provided.

WEEK 2: CASE – Acceso Oferta Local – A New Approach to Social Enterprise Creation
February 1, 2022/4:55 PM
This Lesson focuses on the aftermath of a social enterprise’s failure due to improper key performance indicators and creation of a new follow-on enterprise aligning both financial and social returns.

**Required Reading/Watching:** Complete Before Week 2 Live Session

*Watch/Listen:* n/a

NYU Brightspace

All announcements, resources, and assignments will be delivered through the NYU Brightspace site. I may modify assignments, readings, due dates, and other aspects of the course as we go through the term with advance notice provided as soon as possible through the course website.

Technology Support

Students have 24/7 support to NYU’s IT services. Explore the NYU servicelink knowledgebase for troubleshooting and student guides for all NYU-supported tools (like NYU Brightspace, Zoom, etc). Contact askIT@nyu.edu or 1-212-998-3333 (24/7) for technology assistance, or you may contact Zoom’s 24/7 technical support (this includes a chat function), or Review Zoom’s support resources.

Don’t forget, your peers are another source of support. You could ask a friend or classmate for help or tips.

Academic Integrity

Academic integrity is a vital component of Wagner and NYU. All students enrolled in this class are required to read and abide by Wagner’s Academic Code. All Wagner students have already read and signed the Wagner Academic Oath. Plagiarism of any form will not be tolerated and students in this class are expected to report violations to me. If any student in this class is
unsure about what is expected of you and how to abide by the academic code, you should consult with me.

**Henry and Lucy Moses Center for Student Accessibility**

Academic accommodations are available for students with disabilities. Please visit the Moses Center for Student Accessibility website and click the “Get Started” button. You can also call or email (212-998-4980 or mosescsa@nyu.edu) for information. Students who are requesting academic accommodations are strongly advised to reach out to the Moses Center as early as possible in the semester for assistance.

**NYU’s Calendar Policy on Religious Holidays**

NYU’s Calendar Policy on Religious Holidays states that members of any religious group may, without penalty, absent themselves from classes when required in compliance with their religious obligations. Please notify me in advance of religious holidays that might coincide with exams to schedule mutually acceptable alternatives.

**NYU’s Wellness Exchange**

NYU’s Wellness Exchange has extensive student health and mental health resources. A private hotline (212-443-9999) is available 24/7 that connects students with a professional who can help them address day-to-day challenges as well as other health-related concerns.

**Student Resources**

Wagner offers many quantitative and writing resources as well as skills workshops. The library offers a variety of data services to students.
